08/2018 - 05/2021, Percentage – 91.60
- ❖ **X | SHRIPATRAO BHOSALE HIGHSCHOOL, OSMANABAD**  
2018 Percentage – 92.80

## SKILLS :

## PROJECTS :

- ❖ **EnrollBuzz – Student Admission Portal**
  - This is a comprehensive system designed to streamline and digitize the student admission process.
  - The platform allows prospective students to easily submit their applications online upload required documents, and track the status of their applications. Administrators benefit from efficient application management, enabling them to review and process applications in a timely manner.
  - HTML, CSS, JavaScript, Php, SQL.
- ❖ **SwapDisk – Swap Memory Space**
  - Aims to create a virtual memory system that can dynamically swap data between RAM and disk storage to optimize resource utilization.
  - Involves implementing a virtual memory system that utilizes swap space on a computer's storage device to supplement RAM.
  - By simulating the swapping of pages between RAM and disk, the project aims to enhance system performance and manage memory resources effectively.

## EXPERIENCE :

- ❖ **WEB DEVELOPER INTERN | SoftMusk Info Pvt. Ltd., Belgavi** (Jan `23 – May `23)
  - Collaborated with cross-functional teams, participated in code reviews, and implemented new features using HTML, CSS, JavaScript, Bootstrap and relevant frameworks.
  - Worked on gym website , gained hands on experience in designing and implementing fitness programs, collaborated on facility layout optimization and contributed to enhancing user experience.
